

EDGE Grant Proposal Evaluation Rubric

Grant Title: _____

Applicant: _____

Department: _____

Trait	Strong - 4	Sufficient - 3	Nearing Sufficient - 2	Needs Further Development - 1	Score
Alignment with Goals	<i>Includes Sufficient, plus:</i> Development will address a broad array of standards and goals beyond a single point	Relationship to standards/and goals is clearly articulated & development activities match standards/goals as described.	Standards/goals are referenced, but alignment with development appears minimal or unclear in some areas	Standards/goals are not included, or not directly related to the development as presented	
Impact	<i>Includes Sufficient, plus:</i> Potential for impact directly ties to a large number or staff, or for an extended period of time beyond the development	Potential impact of development in terms of relevance for depth of learning and breadth of staff is addressed. Development would have a positive impact on expected department outcomes	Development impact is provided, but may only reach a limited number of staff or department outcomes	Development impact not provided, does not seem to align with department outcomes, or may not reach a sufficient number of staff outcomes	
Professional Development Opportunity	<i>Includes Sufficient, plus:</i> Development provides unique opportunity to gain skills and/or knowledge in a variety of areas that connect to requestor's role in the University	Opportunity is offered by a recognized professional development entity that directly relates to requestor's role; Enrichment opportunity is not as readily available in other formats to the same degree as proposed. Plans for sharing information learned are included & meet EDGE expectations	Connections to requestor's current (or planned) position are present but may be limited to only a small portion of related job duties.	Connections to requestor's current or planned position are unclear or seem misaligned.
